Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:
Date: Monday, March 30, 2020 7:42:57 AM

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

I am writing as Chair of the Studio City Neighborhood Council Homelessness Committee and a Board member of NoHo Home Alliance which operates a drop in Access center for the homeless of North Hollywood and Studio City.

NoHo Home Alliance continues to operate with a dedicated volunteer team to provide meals, showers, and medical support to the homeless community.

The huge federal stimulus package will not reach the most vulnerable in our society. Therefore, it is imperative that we act locally to support the homeless population of Los Angeles County. Not only are they the most vulnerable the homeless could act as dangerous vectors of the virus.

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are unemployed. Hello. I'm a young creative whose job has been greatly affected by the coronavirus/Covid-19 pandemic. My job is based around the photography industry which has completely halted and the future of the industry is very uncertain. Many Clients work with stylists, make up artists, art directors and photographers, that work in a international network. This is a very close-contact job and until we flatten the curve of deaths and infections, I do not know when the industry will start back up again at the scale it was operating at. This leaves me with no current income for the foreseeable future. I also have friends and colleagues that risk being homeless because of this crisis.

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Dear Supervisors,

I am writing on behalf of the Healthy LA coalition to ask for urgent COVID response activities to protect the health of vulnerable Angelenos.

One issue that is very urgent to me:

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Thank you for your consideration and for your diligent work to protect the health of the most vulnerable Angelenos.

Sincerely,
Alison Klurfeld

The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:

Hello,

My name is Melissa Ferrari and I am a resident of Castaic, CA in Los Angeles County. The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Subject: 3/31/20 Agenda No. 8 / 13 / 15 / 16 / 27 / 28
Date: Monday, March 30, 2020 10:22:17 AM

Hello, my name is Casey Welch and I am your constituent from Sun Valley. I'm writing to ask Supervisor Barger to adopt the proposals advanced by the Healthy LA Coalition. It's urgent to protect the people most vulnerable in this crisis — workers, immigrants, tenants, and unhoused people. Our families and vulnerable community members need immediate action to protect our health and our livelihoods. At tomorrow's meeting, I urge Supervisor Barger to support motions to:

RENT RELIEF

Institute a Complete and Universal Eviction Moratorium. No one should be forced to contend with an eviction notice from their landlord because of this public health crisis.

Provide Rent Forgiveness. Working people won't have the money to pay back rent from a time when they weren't employed. They shouldn't emerge from this crisis in debt. At the very least, tenants should have at least 24 months to repay back rent, with no late fees or interest charges.

PROTECTIONS FOR WORKERS

Provide 14 days of Paid Sick Leave to all workers and prohibit retaliation against those who take it. Workers must feel safe to stay home through their illness for the public's safety.

Prioritize Workplace Health and Safety, including mandated paid time for and access to hand-washing and sanitizing, provision of protective gear, and appropriate training for those still at work, especially grocery workers, food service workers, and delivery drivers.

PROTECTIONS FOR UNDOCUMENTED PEOPLE

Stop all transfers of undocumented Angelenos to ICE and the Adelanto immigration prison, which are cruel normally and a health nightmare during the pandemic.

Create a cash assistance fund for undocumented workers including street vendors and the estimated 20% of L.A.'s workforce that is undocumented in industries like domestic work, home health care, day labor, carwash, garment, restaurant, and more. It's not fair that the people who make our city work won't get any support from the federal government's bailout.

PROTECTIONS FOR UNHOUSED PEOPLE

Use private hotel/motel rooms to safely shelter unhoused people. There's nearly 100,000 rooms in LA County and with the crisis, most are vacant and the workers who staff them are employed. We can take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again.

Create neighborhood supply stations for unhoused people with ready-to-eat food, water, soap, and first aid supplies. The COVID-19 pandemic has shut down many food pantries and

programs that provide life-saving meals and hygiene supplies to low-income and vulnerable populations. With the demand for these essential supplies at an all-time high, people need to be able to access food and supplies easily in their own neighborhoods.

Thank you for your consideration,
Casey Welch

To: [ExecutiveOffice](#)
Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:
Date: Monday, March 30, 2020 11:54:19 AM

My name is Lorenzo De Felitta and I am a student activist from Los Angeles. Today I write because thousands of our unhoused neighbors cannot. Two blocks away from my desk in my cozy bedroom, three tents are pitched, each tent acting as the only barrier between my neighbors and mother nature. Within a mile of my two story house, countless numbers of Angelenos live in fear of what I cannot imagine. Within a mile of my two story house, where I am fortunate enough to be protected from the COVID-19 virus, countless numbers of Angelenos are facing the threat of COVID-19 without food or shelter. Within my county, 58,936 of my fellow Angelenos are facing the threat of COVID-19 without food or shelter. If we truly wish to create a just and equitable society for all, we must start here in Los Angeles County and we must do so by immediately opening vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and by providing items needed to stop the spread of COVID-19.

It is our duty as a community to take care of our vulnerable neighbors. I will work tirelessly to ensure that all vulnerable people are taken care of during this time and I ask my government to do the same. Furthermore I ask my government to take up all proposals from the Healthy LA Coalition which can be found at http://secure-web.cisco.com/15O6KV6iKoMizWJKfO_DGxGNv0l3R9JVC4OQbpkE4-anTUHyfdPpFVJxmXIXOI3MhKMCmzKPXHtzJcKPO3H-rdhCieMxhT7bUjDprr8wPuLqD0K7GFFA7DadENoYEeENHMM8xZ0AkGhsL67NSpmuthjoAERtUIENDTfnpwph59YSDxFr9wQwhPcojtOfmm0m-jpMK9aWfEtO1IpSGf0ngYIyMwOf9qPTa7orO5gnzRIIDs7B-thKbxzMbleahW2DKBqGEHvHaK4nsIlh3Vd_Kfe9BfEQiZu6Y-CVMYR9TxLinDVaNwoQl-mBnlp2TXc1hGOqzK7UhUUKr21pO9emg823hHif18MyxMLc9ok7LlKTB1x51oY1nL4Siorbq28z4Z8XmYvvjaOrSbCQqbgYUkdw/http%3A%2F%2Fhealthyla.org%2Fcounty%2F

When we all come together in support of one another, we can create an equitable, just, and fair society for all.

Thank you,

Lorenzo De Felitta

Date: Monday, March 30, 2020 11:59:39 AM

Dear Supervisor Kuehl,

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Sincerely,

Kyle Scott

From: [E.J. Friedman](#)
To: executiveoffice@bos.lacounty.gov
Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:
Date: Monday, March 30, 2020 11:30:20 AM

My name is E.J. Friedman. I am an employed production worker living in Los Angeles who recently became homeless.

Three weeks ago, my temporary living situation was dissolved without notice by the property owner as a result of the Coronavirus. With friends being unwilling to take an additional person due to the crisis and family being thousands of miles away in Tennessee, I was forced to immediately store all of my personal effects and scramble to look for alternate shelter. I slept in my car for several nights with no access to showers or basic hygiene.

Until a dear friend heard of my situation and stepped in, I had exhausted all of my personal financial resources to stay at a hotel knowing it would allow me immediate access to basic hygiene. Were it not for my friend, I know that I would be in a shelter or sleeping outdoors at this time. But I am not alone, and this is not just about me.

However, like a majority of Angelenos, I am no longer earning an income as a result of the stoppages in film & television production work around the world. I do not know when or even if any of my fellow production workers will be able to go back to work. This means inevitable financial hardship for me and thousands of others like me living in Los Angeles County, working poor at all levels of the shuttered entertainment industry who are now tasked with finding financial help and maintaining shelter that provides basic hygiene to fight the spread of COVID-19.

I am asking for The LA County Board of Supervisors to immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed.

As a leading world economy, Californians — especially Angelenos -- must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board, having the wherewithal and financial ability to do so, should allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

For the sake of thousands of Angelenos whose suffering will only multiply without this measure, I am pleading with you for your help. Thank you.

Regards,
E.J. Friedman

Subject: LA County BOS Hearing (3/31/20): AGENDA ITEM 28 -- Public Comment (Esperanza Community Housing)
Date: Monday, March 30, 2020 3:34:04 PM

Dear Honorable LA County Supervisors,

My name is Rabeya Sen and I am with Esperanza Community Housing Corporation. We are writing to you as members of the Healthy LA Coalition, to urge all of you to please adopt the proposals advanced by the Healthy LA coalition. These proposals are outlined in detail in the letter sent to the BOS today and urges strong protections for our most vulnerable Angelenos during this COVID-19 crisis. We are extremely concerned that the emergency provisions that are being put in place may inadvertently exclude people who are already facing multiple systemic barriers that impact their health, housing, and safety.

Hence, we urge you to support the Healthy LA Coalition's platform. In general, our demands fall under the following areas:

- Tenant Protections
- Protections for Homeowners
- Worker Protections
- Protections for Undocumented Angelenos
- - Provide 14 Days of Paid Sick Leave to all workers and prohibit retaliation against those who take it. Workers must feel safe to stay home through their illness for the public's safety.
 - Prioritize Workplace Health and Safety, including mandated paid time for and access to hand-washing and sanitizing, provision of protective gear, and appropriate training for those still at work, especially grocery workers, food service workers, and delivery drivers.
- Housing & Services for Unhoused Angelenos.

For Item No. 28 (Funding for Interim Beds), in particular, the LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to

help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

The urgency of this moment demands that we protect the people most vulnerable in this crisis — workers, immigrants, tenants, and unhoused people. Our families and vulnerable community members need immediate action to protect our health and our livelihoods. Therefore, at tomorrow's BOS hearing, we strongly urge the Supervisors to support these motions.

Thank you for your time. We are happy to provide any further information should you need it.

~Rabeya

Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:
Date: Monday, March 30, 2020 3:39:19 PM

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

In advance of your meeting tomorrow, March 31, 2020, I offer the following comments, which are very important to me as a native of Los Angeles:

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them. Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

We must protect the most vulnerable among us, or we will only prolong this crisis and will lose any credibility we have in the pursuit of “human dignity”.

Thank you,
Samantha Monarch

Dear Board of Supervisors,

This crisis has left the most vulnerable population in LA County, our unhoused community members, in even greater peril than before. How is a person supposed to protect themselves and others from this pandemic when they do not have access to bathrooms, soap & water, meals, hygiene supplies, first aid, and all the other necessities that so many of us take for granted as we shelter in place? The very idea of "shelter in place" inherently vilifies and endangers people who do not have shelter.

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

We must utilize the vast resources of this county to support our unhoused community members.

Sincerely,
Lucia Pier

To Whom It May Concern:

This is something we should have already been doing, but in the face of a crisis it is even more imperative.

SELAH [has already located 85 potential sites for homeless access centers](#) **two years ago**. I believe that our board should work directly with the organizations already on the frontlines to speed up these efforts so they are performed swiftly and smoothly.

We can't be forcing everyone to stay homes while those on the streets continue to spread the virus. If we want to take containing this seriously, our focus needs to also be on taking care of our unhoused community.

Sincerely,
Jordan Blakeman

Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:
Date: Monday, March 30, 2020 4:09:24 PM

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Best,
Alaa Madison

Subject: LA County pandemic relief efforts meeting 3/31/20 - agenda items: unhoused, undocumented, incarcerated
Date: Monday, March 30, 2020 12:47:59 PM

Hello, my name is Alex Carcieri and I am your constituent from Each Park (LA 90026). I'm calling to ask Supervisor Solis and other supervisors to adopt the proposals advanced by the Healthy LA Coalition. At tomorrow's meeting, I urge Supervisor Solis to support motions to:

1. Institute a **Complete and Universal Eviction Moratorium**. No one should be forced to contend with an eviction notice from their landlord because of this public health crisis.
2. **Provide Rent Forgiveness**. Working people won't have the money to pay back rent from a time when they weren't employed. They shouldn't emerge from this crisis in debt. At the very least, tenants should have at least 24 months to repay back rent, with no late fees or interest charges.
3. Provide **14 Days of Paid Sick Leave** to all workers and prohibit retaliation against those who take it. Workers must feel safe to stay home through their illness for the public's safety.
4. Prioritize **Workplace Health and Safety**, including mandated paid time for and access to hand-washing and sanitizing, provision of protective gear, and appropriate training for those still at work, especially grocery workers, food service workers, and delivery drivers.
5. **Stop all transfers of undocumented Angelenos to ICE** and the Adelanto immigration prison, which are cruel normally and a health nightmare during the pandemic.
6. Create a **Cash Assistance Fund for Undocumented Workers** including street vendors and the estimated 20% of L.A.'s workforce that is undocumented in industries like domestic work, home health care, day labor, carwash, garment, restaurant, and more. It's not fair that the people who make our city work won't get any support from the federal government's bailout.
7. **Use motel rooms to safely shelter unhoused people**. There's nearly 100,000 rooms in LA County and with the crisis, most are vacant and the workers who staff them are unemployed. We can and should take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again.
8. **Create neighborhood supply stations for unhoused people** with ready-to-eat food, water, soap, and first aid supplies. The COVID-19 pandemic has shut down many food pantries and programs that provide life-saving meals and hygiene supplies to low-income and vulnerable populations. With the demand for these essential supplies at an all-time

high, people need to be able to access food and supplies easily in their own neighborhoods.

Dear leaders,

Our homeless are not the only ones who suffer during this pandemic, but they have the least of supports to stay healthy. As a Los Angeles community member, my compassion is for them along with the knowledge that we are all connected in this. We all benefit from an all- encompassing addressing of meeting people's needs to heal and be healthy.

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. Subject: URGENT: COVID-19 Relief Efforts for Tuesday's Meeting
Date: Monday, March 30, 2020 1:15:13 PM

Hello, my name is Annie Gimas and I am your constituent from East Hollywood. I'm writing to ask Mark Ridley-Thomas to adopt the proposals advanced by the Healthy LA Coalition. It's urgent to protect the people most vulnerable in this crisis — workers, immigrants, tenants, and unhoused people. Our families and vulnerable community members need immediate action to protect our health and our livelihoods. At tomorrow's meeting, I urge Supervisor, Mark Ridley-Thomas, to support motions to:

RENT RELIEF

- Institute a **Complete and Universal Eviction Moratorium**. No one should be forced to contend with an eviction notice from their landlord because of this public health crisis.
- Provide **Rent Forgiveness**. Working people won't have the money to pay back rent from a time when they weren't employed. They shouldn't emerge from this crisis in debt. At the very least, tenants should have at least 24 months to repay back rent, with no late fees or interest charges.

PROTECTIONS FOR WORKERS

- Provide **14 days of Paid Sick Leave to all workers** and prohibit retaliation against those who take it. Workers must feel safe to stay home through their illness for the public's safety.
- Prioritize **Workplace Health and Safety**, including mandated paid time for and access to hand-washing and sanitizing, provision of protective gear, and appropriate training for those still at work, especially grocery workers, food service workers, and delivery drivers.

PROTECTIONS FOR UNDOCUMENTED PEOPLE

- **Stop all transfers of undocumented Angelenos** to ICE and the Adelanto immigration prison, which are cruel normally and a health nightmare during the pandemic.
- **Create a cash assistance fund for undocumented workers** including street vendors and the estimated 20% of L.A.'s workforce that is undocumented in industries like domestic work, home health care, day labor, carwash, garment, restaurant, and more. It's not fair that the people who make our city work won't get any support from the federal government's bailout.

PROTECTIONS FOR UNHOUSED PEOPLE

- **Use private hotel/motel rooms to safely shelter unhoused people**. There's nearly 100,000 rooms in LA County and with the crisis, most are vacant and the workers who staff them are employed. We can take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again.
- **Create neighborhood supply stations for unhoused people** with ready-to-eat food, water, soap, and first aid supplies. The COVID-19 pandemic has shut down many food pantries and programs that provide life-saving meals and hygiene supplies to low-income and vulnerable populations. With the demand for these essential supplies at an all-time high, people need to be able to access food and supplies easily in their own neighborhoods.

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Dear Supervisor Kuehl and Colleagues,

I'm writing to strongly urge the Board of Supervisors to immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide hygiene support (such as washing stations, toiletries, disinfectants) needed to stop the spread of COVID-19.

In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are being laid off. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of gyms, businesses, and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Please use your power to help save the lives of the most vulnerable among us. We are only as strong as our weakest link, and COVID-19 is affecting everyone in LA County. Please fund interim beds for the unhoused and make sanitation and personal hygiene widely available.

Thank you for your consideration of my comments,
Erich Bollmann

In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Agenda Items 28 (Unhoused people)

I am writing to advocate for housing and health protections for youth in extended foster care in LA County who are currently housed in independent housing programs.

Without the housing provided by these programs, many of these young men and women, aged 18-23, would be homeless. Please ensure that any County program providing comprehensive housing services and rent waivers related to Pandemic Response includes the housing provided to youth in the County's extended foster care program.

Keeping this population safely housed during this crisis is critical, and these young people should not be forgotten.

The pandemic crisis will severely hit our most vulnerable, the homeless, among them many with pre-existing health conditions and elderly. Not only that, but a disregard for these fellow humans situation and conditions during this crisis would mean the prolongation of the pandemic itself and yet, another crime by omission from a wealthy system against the homeless and the public well-being. That's why as an Angelino, I'm supporting the following proposition:

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. Subject: PUBLIC COMMENT: Agendas # 15, 27, 28, & 13, (3/31/20)
Date: Monday, March 30, 2020 4:42:43 PM

Hello, my name is Sophie Strauss and I'm a Los Angeles resident--I'd like to voice several comments ahead of Tuesday's meeting.

Agenda 15: MOTION TO RATIFY TENANT PROTECTIONS

Despite being one of the wealthiest cities in the nation, Los Angeles also has one of the most rapidly-increasing homeless populations in the country. We cannot let that number double or even triple because our county won't take care of our most vulnerable inhabitants in the face of a global crisis. We MUST help our community remain housed throughout this pandemic. The county needs to do everything it can to protect us. Many of us are having our working hours cut way back or getting laid off all together as a direct result of COVID19. We are appreciative of the action the county has taken to protect residents by banning no-fault evictions and evictions of tenants who can prove they have lost income due to COVID19 but it is simply not enough. We absolutely NEED the county to halt ALL evictions and foreclosure proceedings at every stage. This is an emergency and places like San Mateo and Santa Clara Counties have already done this. It's legal and we need to get it done.

The notion that we have to somehow prove our livelihood has been impacted by COVID is bordering on cruelty amid this crisis. We have ALL been ordered to stay at home, how could we possibly deny that nearly every single person's livelihood hasn't been impacted by such an order? The proof is everywhere, just look outside at the empty streets and shuttered businesses. How inhumane to force already-vulnerable human beings to grovel just to further prove the obvious: this is a time of unbelievable struggle. To do anything less than comprehensively protect tenants by halting ALL evictions and even enacting a rent moratorium is going to hurt our community further. What happens if, in the middle of this crisis, even more human beings are forced onto the streets, into prisons, into cramped shelters? How are they supposed to shelter in place, how are they supposed to practice safe social distancing and help slow the spread of this virus and get our community back to work if they don't have anywhere left to shelter?

Agenda 27: Utility Moratorium

We must place a moratorium on the shutoff of utilities during this crisis. How are our citizens supposed to follow CDC guidelines of frequent hand washing without any running water to wash their hands in?

Agenda 28: Interim Beds

LA County must open access vacant county-owned buildings, lots, and park space for unhoused community members to camp and provide items needed to stop the spread of COVID-19. Also, there are almost 100,000 hotel / motel rooms in LA County -- most are currently vacant as the hospitality industry has been hit hardest by this crisis. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

Agenda 13: Undocumented Angelenos

I support the Motion to Ensuring Adequate Efforts to Prevent COVID-19 Among Justice-Involved Populations. Los Angeles is supposed to be a sanctuary for our undocumented neighbors, and yet they are not only often abused by law enforcement and put in cages, but their treatment puts them at increased risk for contracting and spreading COVID. We must do everything in our power to reduce the number of human beings currently incarcerated locally. Jails, prisons, and detention centers are already hotbeds for violations of human rights, but during this pandemic they become literal Petri dishes--where cramped conditions and little access to necessary sanitation supplies leads to rapid and widespread proliferation of the virus among both the people inside these centers and the people who work at them. In order to slow the spread of Covid19, I support the demands of Justice LA (http://secure-web.cisco.com/1V82kQle6YqJJ9L8faEPHba6i3H4Or3-fbX0HICzYes8h1CEEEd0A9TO56cHvezohbCii7eQPIEKei0EbVeYLC0GomjnDdJnglFPevzj0a1FuQEN088y0TixGZLWDWQ6L6JL-PDXDU8AbgccQOz_zwqNk86enOZRfV8h14gflveue6bwaT9Z_G9ZJajQeTwBmD0SX7TadDX6Z2yxKE3vzC-dfHKTev_YOIW5B69HiEauPrJL_Xdfju8JYPRh55FjH26bseSEh-8Hd_Bq4WDJG_0Dt4S26yMPbwHJNmnOGrdmq1j6jaKdg92GUvSJ92wB6sET398zPMMPPTIXC078sxASRUfla4do5nF6x5YZ3oABwQ8cYUJCybDt7TwQtsAS_iYUH3P_nHBISS5-A88_FiQ/http%3A%2F%2Fwww.justicela.org) including:

Early Release: reduce overcrowding and prioritize early release options for those who are not a risk to public safety.

Improve Custody Conditions: deep cleaning, early screening and social distancing for workers, visitors and those who live in the jail.

Reduce Arrest and Booking: suspend arrests (drug arrests, sex work, status offenses, etc.), and arrests for bench warrants.

Prioritize Civil Liberties and Enhance Funding for Community Based Services: increase funding to local service providers to support those released from jail.

Undocumented residents must also be protected by ending all transfers of immigrants—who have already served their time and are due for release back to their homes and families — to Immigration and Customs Enforcement (ICE) and the Adelanto immigration prison. Specifically, following the action the City of Los Angeles has already taken, the County of Los Angeles should no longer facilitate the arrest of a person by federal immigration authorities, unless it is pursuant to a judicial probable cause determination for a criminal offense, or otherwise required by law. Such transfers are cruel normally and a health nightmare during a pandemic.

These matters are quite literally matters of life and death. If the County Council doesn't do everything within their power to enact these measures and protect our people, the toll of this virus will be even more astronomical than it already is and there will be blood on the council's hands.

Thank you for your time,
Sophie

Dear Board of Supervisors,

This crisis has left the most vulnerable population in LA County, our unhoused community members, in even greater peril than before. How is a person supposed to protect themselves and others from this pandemic when they do not have access to bathrooms, soap & water, meals, hygiene supplies, first aid, and all the other necessities that so many of us take for granted as we shelter in place? The very idea of "shelter in place" inherently vilifies and endangers people who do not have shelter.

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

We must utilize the vast resources of this county to support our unhoused community members.

Sincerely,
Lucia Pier

Subject: 3/31/20 Agenda No. 28 - Funding for Interim beds:
Date: Monday, March 30, 2020 4:07:55 PM

The LA County Board of Supervisors must immediately open vacant county-owned buildings, vacant lots, and park space for unhoused Angelenos to camp and provide items needed to stop the spread of COVID-19. In addition, there are nearly 100,000 hotel and motel rooms in LA County. In this crisis, most are vacant and the workers who staff them are employed. We must take care of people who are especially vulnerable to the pandemic and get the hospitality workforce paid again. The Board must allocate funding to provide vouchers to allow unhoused residents of LA County into these rooms as soon as possible, and increase outreach to ensure the people who need them are receiving them.

Finally, the largest stock of public restrooms and handwashing stations in LA County are in public parks, beaches, and government properties. With the closure of businesses and dine-in restaurants, these are now some of the only sanitation and personal hygiene resources available to unhoused Angelenos, and are essential to help slow the spread of COVID-19 and protect all Angelenos. These should be made available around the clock and without delay.

To Whom It May Concern:

This is something we should have already been doing, but in the face of a crisis it is even more imperative.

SELAH [has already located 85 potential sites for homeless access centers](#) **two years ago**. I believe that our board should work directly with the organizations already on the frontlines to speed up these efforts so they are performed swiftly and smoothly.

We can't be forcing everyone to stay homes while those on the streets continue to spread the virus. If we want to take containing this seriously, our focus needs to also be on taking care of our unhoused community.

Sincerely,
Jordan Blakeman
